Subject: RE: public notice of liability - notice of fault and opportunity to cure

it has been 43 day since you received the 'notice of interest' i sent you.

it has been 13 days since you received the 'notice of fault and opportunity to cure' i sent you.

if you do not provide proof of claim within the next 3 business days then you will be in default and you claim will be deemed null and void heretofore and forever hereafter.

if jim brod is unwilling or unable to express his claim in writing with his own wet ink signature and endorsement notarized under penalty of perjury as true, correct, complete, and certain stating he possesses personal first-hand knowledge and positive proof of verified facts of unambiguous evidence his claim is valid, then he is knowingly, willfully, and intentionally committing fraud and does thereby waive all immunity and defenses forever hereafter.

no man can contravene or contradict his own deed. the principal of estoppel by deed.

the claimant is always bound to prove: the burden of proof lies on him.

he who acts through another acts himself, [the acts of an agent are the acts of the principal.]

that which is the principal part of a thing is the thing itself.

no man can give that which he has not (value.)

no one is bound to an impossibility (give value.)

the burden of proof lies upon him who affirms, not on him who denies.

upon the one alleging, not upon him denying, rests the duty of proving.

it is in the nature of things, that he who denies a fact is not bound to prove it.

the presumption is always in favor of the one who denies.

in the law of estoppel, "silence" implies the knowledge and an opportunity to act upon it.

consent makes the law. (a contract is law between the parties agreeing to be bound by it.)

what is proved by the record, ought not to be denied.

what is not proved and what does not exist are the same; it is not a defect of the law, but of proof.

it is the same thing not to be as not to appear. not to appear is the same thing as not to be.

an ambiguous answer is to be taken against (is not to be construed in favor of) him who offers it.

an ambiguous contract is to be interpreted against the seller.

Fraud, in the sense of a court of equity, properly includes all acts, omissions, and concealments which involve a breach of legal or equitable duty, trust, or confidence justly reposed, and are injurious to another, or by which an undue and unconscientious advantage is taken of another. 1 Story, Eq. Jur. § 187.

Once a fraud, always a fraud. It is a fraud to conceal a fraud. fraud lies hid in general expressions.

proofs are to be weighed not numbered; that is, the more worthy or credible are to be believed. [it doesn't matter how many men say something, because the word of god is superior to all. it does not matter how many people believe a lie, it's still a lie. and in a democracy, a lie is the truth].

he does contrary to the law what the law prohibits; he acts in fraud of the law who, the letter of the law being inviolate, uses the law contrary to its intention. Dig. 1, 3, 29

law is established for the benefit of man. the contract makes the law. **Truth, by whomever pronounced, is from God.**

i reserve all god given freedom heretofore and forever hereafter surrender none.

you are making a claim against me and i do hereby, on the record, for the record to let the record show, require proof of claim.

i require a man with personal first-hand knowledge that i, the living soul of god within the flesh and blood man of nature sojourning on earth, am liable and obligated to convey the fruits of my labor to an invisible, intangible, incorporeal, dead legal structure operating in commercial commerce, against my own god given free will without my fully informed freely given consent.

it is a fact that there has been no way to truly pay for anything since 1933.

the federal reserve is a private for profit foreign owned corporation and federal reserve notes are private script. i refuse to participate in the fraudulent monetary system of your corporation.

1. to prevent false claims against me, i require all claims against me be expressed in writing with parties own wet ink signature and endorsement notarized under penalty of perjury, and
2. claimants must possess absolute power and authority to make

said claim, and

3. claimants must possess personal first hand knowledge of verified facts of unambiguous evidence claim is true, correct, complete and certain, not false, not misleading and not hearsay.

if you are not willing make a claim against me in writing with your own wet ink signature and endorsement notarized under penalty of perjury then you know your claim is false and you are committing fraud and do thereby concede guilt and waive all immunity and defenses.

What is FRAUD?

Fraud consists of some deceitful practice or willful device, resorted to with intent to deprive another of his right, or in some manner to do him an injury. As distinguished from negligence, it is always positive, intentional.
